

## Buzzer for Large Digital Clock (V1.1)

### Features:

- Clear, penetrating tone
- High sound pressure level
- Low power consumption

### Specifications:

#### Connector Type:

Wire Leads (black wire: ground, red wire: single tone)

#### Decibel Level:

100 db/min\*

#### Oscillation Frequency:

2.9KHz

#### Current Consumption:

30 mA\*\*

#### Operating Voltage:

3-18 VDC

### Ordering Information:

L-BUZZ-3300-1

\*Measured in an open air environment

\*\* (Buzzer is powered by the digital clock)

#### Rated Voltage:

12 VDC

#### Tone Type:

Single

#### Power:

Powered by the Large Digital Clock

#### Color:

White
